

Olympic donation for Youth Centre

THE newly opened Youth Centre is already stocked with volleyball equipment. On Friday last a member of the USA Olympic Beach Volleyball touring team to the Turks and Caicos Island, Albert Hannemann of Hannemann Events and CEO of Not So Pro Sports (Canada) John Morrison donated a quantity of equipment to the centre.

The objective of both individuals was to stimulate an interest in the sport so that in the near future the island group can have its first Olympic medal.

Along with Hannemann, gold medallists Phil Dalhausser and Kerri Walsh were also on the island promoting a volleyball clinic at Club Med.
